PROFESSIONAL SUMMARY

Final-year Diploma in ICT: Application Development student at Cape Peninsula University of Technology (CPUT) seeking a Work Integrated Learning (WIL) placement in software development. Full-stack developer with hands-on experience in React, PHP, Node.js, Java, Python, and MySQL. Proven ability to lead cross-functional development teams, design RESTful APIs, and deliver production-grade applications. Placed 2nd at the Telkom10X Hackathon 2025. Passionate about AI/ML and software architecture.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, Python, PHP, SQL, HTML5, CSS3

Frameworks & Libraries: React.js, Redux, Node.js, Express.js, Django, Laravel

Databases: MySQL, PostgreSQL, Apache Derby DB, Redis

DevOps & Tools: Git, GitHub, Docker (foundations), Agile/Scrum, Trello, Linux CLI

Cloud & APIs: RESTful API Design, Netlify, Vercel, Stripe API

Methodologies: Domain-Driven Design (DDD), Test-Driven Development (TDD), MVC, Microservices

EDUCATION

Diploma in ICT: Application Development | Cape Peninsula University of Technology (CPUT) | 2024 – 2026
(Final Year)

- Faculty of Informatics and Design — WIL placement required for graduation
- DevOps Engineer on the ongoing Eben Studios e-commerce simulation project (2026 – Present)
- Relevant modules: Applications Development Practice 3, Information Systems Analysis, Project Management, Communications Networks Fundamentals

Higher Certificate in ICT | Cape Peninsula University of Technology (CPUT) | 2023

- Foundation qualification completed prior to Diploma admission

National Senior Certificate | Motswatemeng Secondary School | 2020

- Subjects: Mathematics, Physical Sciences, Geography, Life Sciences, English FAL, Setswana HL

PROJECTS

CPUT Clinic Booking System — Project Lead | Jan 2025 – Present

Tech Stack: React.js, PHP, MySQL, Netlify

- Architected and delivered a full-stack web application replacing a manual, paper-based appointment system for CPUT students
- Led a team of 5 developers through full SDLC using Agile/Scrum methodology; managed sprint planning and task delegation via Trello
- Built PHP REST API with role-based access control and a MySQL schema covering patients, appointments, and doctor entities
- Deployed frontend to Netlify; application used as primary technical portfolio example for WIL interviews

Eben Studios E-Commerce Platform — DevOps Engineer | CPUT Year Project | 2026 – Present (Ongoing)

Tech Stack: *React.js, PHP, MySQL, Git, GitHub, DevOps Foundations*

- Ongoing project — serving as DevOps Engineer on a simulated clothing retail e-commerce platform supervised by Mr. Kruben Naidoo
- Managed CI/CD pipeline setup, GitHub branching strategy, and deployment workflows for the team
- Completed LinkedIn Learning certifications: DevOps Foundations, React Essential Training, Laravel Essential Training

TechHive SA — E-Commerce Storefront | Personal Project | 2025

Tech Stack: *React.js, Redux, Stripe API*

- Built a fully responsive South African tech retailer storefront with dynamic product filtering and shopping cart functionality
- Implemented global state management with Redux; integrated Stripe API for simulated secure payment processing

Real-Time Notification Service | Personal Project | 2025

Tech Stack: *Node.js, Express.js, Redis*

- Developed a standalone microservice delivering real-time in-app and email notifications via REST API
- Implemented Redis caching to reduce database load, achieving sub-100ms response times; designed for independent horizontal scalability

Student Enrolment System — Lead Developer | Academic Project | 2025

Tech Stack: *Java Swing, Java Sockets, Apache Derby DB*

- Built a networked client-server desktop application enabling staff to manage student records across multiple machines
- Implemented Java Socket layer for real-time cross-network communication with full CRUD operations and multi-level authentication (admin / staff / read-only)

ACHIEVEMENTS & CERTIFICATIONS

- 2nd Place — Telkom10X Hackathon 2025
- LinkedIn Learning: DevOps Foundations (Certificate)
- LinkedIn Learning: React Essential Training (Certificate)
- LinkedIn Learning: AI Foundations — Machine Learning (Certificate)
- LinkedIn Learning: Laravel Essential Training (Certificate)
